

FlaxLic: *The Block* *Everyone's Talking About*

FlaxLic now has
a U.S. Product and
Process Patent for elevating
Lipid Blood Levels in Livestock.

Here's What They're Saying

FlaxLic® is an all-natural supplement containing a high level of Alpha-linolenic acid, an omega-3 fatty acid. Fatty acids are used by cattle for energy, cell membrane structure and integrity and regulating hormones. This unique supplement is the first low-moisture block to contain a high level of ALA beneficial for optimal performance.

In addition, **FlaxLic** is highly fortified with essential vitamins and minerals. This block is produced using a state-of-the-art, patented process that provides a unique 24-hour feeding system.

Effect of Alpha-linolenic Acid on Follicles

Item	Control	Alpha-linolenic Acid
5-10 mm follicles on day 5	1.6	1.4
5-10 mm follicles on day 15	1.8	3.4
Max diameter of 1 st dominant follicle, mm	13.3	15.6
Max diameter of preovulatory follicle, mm	17.0	18.3

Larger follicles >>>> greater estrogen

Get your herd ready for breeding season!
